Life in HONG KONG

Our campuses

The HKU Business School provides a dynamic and conducive environment for learning, teaching and research. Advanced facilities are provided on the three campuses located in the Cyberport, HKU Main Campus and Town Centre at Admiralty.

Cyberport Campus

Located at the flagship of Hong Kong's digital industry - Cyberport. The School's facilities at Cyberport include state-of-the-art classrooms, group meeting rooms and social areas for postgraduate students and learning partners from corporates that collaborate with the School. This is a place where university and business communities can come together and inspire innovations.

HKU Main Campus

The Headquarters of the HKU Business School is located at K.K. Leung Building in the HKU Main Campus. In addition to facilities such as lecture theatres, classrooms, computer laboratories and other areas for academic activities, the campus is also home to many research centres and institutes under the School. The Main Campus also features other learning facilities, resources and services needed in university life.

Town Centre

Located at the heart of the city, Admiralty Town Centre brings the resources of the School to one of the financial districts in Hong Kong. Apart from featuring cutting-edge facilities such as executive classrooms, meeting rooms and comfortable lounges. This downtown campus is a convenient location for hosting events and seminars, and connecting students, alumni and partners from all over the world.

Global presence

HKU Beijing Centre

Located in Asia Financial Centre where Asian Infrastructure Investment Bank is headquartered, HKU Beijing Centre mainly serves as a teaching venue for HKU Business School and provides ample space and state-of-the-art facilities for faculties to develop academic programmes, promote alumni entrepreneurial start-ups, and organise alumni events.

HKU-Tel Aviv Innovation Hub

The HKU-Tel Aviv Innovation Hub combines the academic excellence of HKU and the innovative, entrepreneurial energy of Israel. The Hub will foster deep engagements between the academic, business and technology communities of Israel, Hong Kong, and the Greater Bay Area, promoting cross-border collaborations and partnerships.

Shenzhen Campus

Located at the heart of Futian District in Shenzhen, the Shenzhen Campus is the School's latest development to promote knowledge exchange, technology transfer and talent collaboration in the Greater Bay Area and Mainland China.

The Representative Office of The University of Hong Kong in Vietnam

HKU in Vietnam signifies the importance of Vietnam as a growing economy, her youth, talent, and key location. We strengthen connections with Vietnam by providing market-oriented research, superior learning experience, and instrumental resources.

HKU iCube

HKU iCube is in the prestigious Two Exchange Square featuring a magnificent harbour view. It serves as a place to facilitate knowledge exchange for HKUBS associates, as well as a bridge to connect business leaders in and outside the school.

Master of Economics

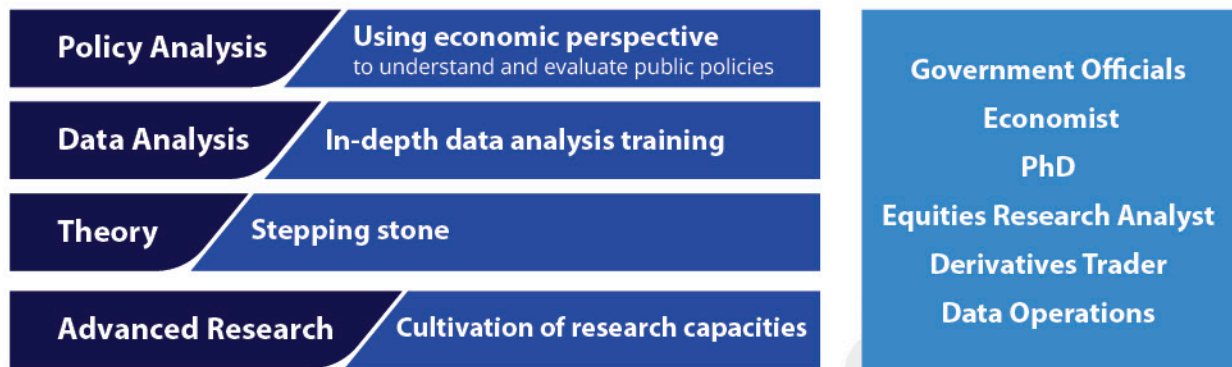

Master of Economics Overview

Bridging the gap between technicality and applicability

The Master of Economics programme at the HKU Business School aims to introduce students to frontier developments in economics and to equip them with state-of-the-art analytical tools. Our comprehensive curriculum has multiple learning streams and helps students connect economic theory with real world business. The School boasts a top-class teaching faculty

with strong economists, outstanding alumni and mentors, and an active research environment, with long-term collaborative research opportunities available both within and outside the School. The advanced research and theory stream provide a strong foundation for PhD study, should students choose to continue their studies in academic research.

Multiple Streams for different interests to help achieve career aspirations

Non-Econ Track Boot Camp

Candidates who are required to complete a boot camp would be identified when reviewers make the admission decision and notified in the offer letter as part of the conditions.

Purpose: To ensure that students with non-economics background has the foundational knowledge and skills required to succeed in the Master of Economics programme.

Time	3 Preparatory Courses	Assessment
Summer	<ul style="list-style-type: none"> • Microeconomics (Online) • Macroeconomics (Online) • Computation and Analysis of Economic Data* 	Students are required to pass all the tests at the end of each subject

*Only contains first half of the course (ECON6067 Computation and Analysis of Economic Data), students can take the course for 6 credits if they also complete the second half of the course

5 Top Q&A PROGRAMME

DIRECTOR

Top 5 questions about the Master of Economics programme, answered by our Programme Director

Prof. Heng Chen.

1 What are the differences between the 3 streams: Data Analysis, policy Analysis and Theory?

The Theory stream provide a stepping stone for doctoral studies in economics, whilst Data Analysis offers rigorous training of data analysis for our students. The Policy Analysis stream is an ideal curriculum for understanding the making of economic policies, with a special emphasis on Mainland China.

2 Why is an understanding of Economics important in today's complex economy?

Economics studies the workings of our economy, interactions of individuals and the impacts of institutions, which lays the foundation for understanding the fast-changing business environment. It provides us with a rigorous and coherent framework to understand human behaviour at the individual and aggregate levels.

3 For PhD studies, can I proceed in other institutes as well?

Yes, it is totally possible. Students who choose further academic pursuit will find themselves well-prepared for PhD study at the institute of their choice afterwards.

4 Are the courses focused in evaluating the economy in Hong Kong only?

Whilst our graduates are well-trained to meet the challenges of the emergence of Greater China and the ongoing evolution of Hong Kong as an international finance centre, our courses also blend theory with empirical learning and case studies in the context of the U.S. and European economies.

5 What research opportunities are there for graduate students?

Our economists conduct both basic and applied research and publish regularly in leading academics journals. There are many opportunities to get involved in our faculty members' research agendas and get real research exposure.

Prof. Yanhui Wu

Economics of Organization and Strategy

What is the nature of the firm as opposed to the market? Why do some firms delegate power while others keep power at the top of the hierarchy? How to design incentive structures to motivate and coordinate workers? Where does innovation come from? In Economics of Organization and Strategy, we employ rigorous economics methodology to answer these fundamental business questions. Based on our answers, we draw far-reaching business implications with particular attention to knowledge-intensive production and the digital economy.

HKU Business School maintains an active research environment. Its economists conduct both basic and applied research and publish regularly in leading academic journals. In addition, research institutes and centres have been established to foster-scale and long-term collaborative research within and outside the Faculty. These include:

Heidi Fung

*Consultant for Greater China, Odgers Berndtson
(Class of 2009)*

HKU Business School is a world-class and prestigious academic institution with excellent professors and great campuses. The programme prepared me to develop critical and strategic thinking by looking at business from a different perspective, not only focusing on individuals or firms, but also on the entire economy. I gained an understanding of how the economic cycle, along with fiscal and monetary policy implementation, affects both the country and businesses. Through the development of skills in analysis, writing, and problem-solving, I am able to identify emerging industries where I can develop the most valuable businesses in the market. Choosing HKU Business School is definitely the key to success!

Leon Gronbach

*Consultant, SMP Strategy Consulting (Düsseldorf, Germany)
(Class of 2023)*

Doing the MEcon programme at HKU Business School was not just about academics, but also about discovering what I want to do after my studies and being exposed to ambitious and intelligent people. I found it all here - exciting new knowledge, valuable career guidance, and highly motivated classmates! Studying Economics at HKU Business School is also a perfect way to enhance your understanding of markets and economic interactions between people, while at the same time preparing you for a job as a full-scale participant in the economy, rather than just an observer.

The Student Enrichment Team

Mentorship Programme

The Mentorship programme offers specialized master's students at HKU Business School (**Mentees**) a platform to go beyond the classroom, gaining real-world insights and career advice from alumni and industry professionals in leadership roles (**Executive Mentors**). Additionally, it fosters a vibrant master's community, strengthening connections with these experienced practitioners, as well as to contribute their knowledge and experience to nurture the young generation.

Mentorship Activities

Student Clubs

Student Clubs have been set up with the aim of equipping students to develop and enhance the industry knowledge and real-world insights through specialized industry tours and talks. Students will learn to apply highly effective steps that cover the key functional areas of every business: operations, marketing, finance, and human resources. Students will be able to develop and practice their skills in the workplace. The Student Clubs also aim to promote activities and careers in related areas among the Masters community. Club officers (The Elite Club) will be offered a series of leadership training to equip them with the necessary skillsets as future leaders.

Our Mentors

They are professionals, industry practitioners, middle to senior executives or MSc alumni with 15+ years working experience in Accounting, Marketing, Finance, FinTech Banking, Business Analytics and Management etc. They are passionate about supporting the young generation with their valuable experience, insight and networks, and will serve on a pro-bono basis.
